

BMi Research builds two homes for needy families

Issued by [BMi Research](#)

22 Oct 2015

BMi Research staff members recently visited Ubuhle Care and Development Centre, at Vlakfontein Bronkhorstspuit, to build corrugated houses for two families. The houses were built during the month of April and September, to provide a warm and safe environment for both families.

Ubuhle Care and Development Centre was founded in 2008 by local women and men who work on a voluntary basis. Ubuhle offers social care, pre-school and an English primary school up to level 3, after-school care, workshops and courses for adults, as well as some aid to develop new income sources to 200 families living in the rural area. BMi Research has been supporting Ubuhle Care and Development Centre since 2008.
