

Millat Investments adds another hotel to its growing portfolio

Millat Investments has acquired the Winston Hotel in Rosebank in Johannesburg, South Africa, adding to its rapidly expanding hospitality portfolio.

Investing in the Winston property follows the successful Africa Travel Indaba in Durban, which focused on reviving tourism to South Africa and the continent after the global pandemic lockdown.

Millat is also partnering with Yabu Pushelberg to coincide with the acquisition. The studio creates interiors, styling and experiences for leading luxury hospitality brands. The Millat Investments Group has commissioned the new design of the Winston Hotel to New York and Toronto's Yabu Pushelberg.
