

Employment Equity Update Training 2024

Employment Equity Training is designed for HR professionals and anyone involved in the employment equity strategy in any organisation.

A full 2 day package covering all key and significant aspects of employment equity in South Africa. This Employment Equity Training is designed for EE / HR professionals and anyone involved in the Employment Equity strategy in any organisation. It will give you all the knowledge you need about Employment Equity law – how to be legally compliant and how to practically apply the law in your organization. It covers all matters impacting the achievement of Employment Equity compliance and best practice in the organisation. Managers of employees, across the organisation, will be provided with specific information regarding the Employment Equity Act. Emphasis is placed on day to day operations and decision making which impacts the achievement of the organisation's strategy, numerical goals as well as ensuring a workplace free from unfair discrimination

This event is specifically designed to offer new updates, techniques and strategies to get your way and fully implement employment equity.
