

Radio Awards calls on station managers to nominate unsung hero

The Radio Awards is calling on radio station managers to nominate the person they feel is the behind-the-scenes hero in their radio station to win the inaugural Station Manager's Choice Award.

Station managers that are interested in submitting a nomination must contact Michelle Rodrigues at rodriguesm@arena.africa to receive the secure link to the online nomination portal. Nominations can only be made by a station manager, with only one nominee being entered per station.

Station managers can then visit the portal, complete the nomination form by providing a 200-word motivation, and submit their nomination. The Radio Awards advisory panel will adjudicate the nominations based on the following criteria: credibility, fellowship, work commitment, and personal performance as an unsung hero.

The recipient of the first Station Manager's Choice award will be announced on 18 April 2020 at The Radio Awards. The nominations close 28 February 2020.
