

What makes it the best

How do you find out who has the best longterm sales training.

I've been out of the country for some time and am looking to get into sales, as I believe the skill of selling is an important part of any business. I have though found it hard to find information on who is who in the sales environment. Key questions that I have are a) which companies have the best on going training for the employees b) what level of qualification you need to be considered for a position and lastly c) do they have a branch in Pretoria.

I thank you in advance for any and all comments.
