

## Green green green is the paper

Sappi Fine Paper South Africa, a division of the global Sappi group, recently announced a major upgrade at its Sappi Stanger Mill. Every product produced there is now manufactured according to the principles of "Triple Green", including the Avalon Supreme, Dukuza Plus and Crystal coated fine paper ranges, Platinum Label and tissue wadding. The upgrade introduces environmentally-sound fully-integrated procurement and manufacturing practices at the mill and research, according to Sappi, indicates it is a world-first.
