

Glo launches in Ghana

Rule your World

Nigerian telecommunications company, Glo officially launched in Ghana on 30 April 2012. Glo's launch has been a long time coming and henceforth, all 1.5 million Ghanaians who successfully reserved 023-3 and 023-5 Glo numbers can go to any of the 25 GloWorld Shops across the country to activate them and start making calls. The company launched with about 85% coverage of the West African nation, providing service in 974 cities and 10 000 villages. All new Ghanaian customers will receive 20Gp of free credit everyday for the first 100 days that they join the network. For more, go to www.gloworld.com.
