

# Spark Schools launches primary school bursary competition

Spark Schools is offering primary school learners the opportunity to win primary school tuition bursaries via a competition that will run for 10 weeks.

Source: Supplied

The winning learners of the competition will be allowed to complete their primary school tuition at a Spark School from 2019 from whatever grade they will be in next year (or from grade R if they have not yet started school) to the end of grade 7.

To enter, parents or guardians will need to fill in various details after which they will be given an opportunity to receive a referral code. By sharing this referral code with family and friends, applicants may earn additional entries into the competition for each time someone uses their referral code to enter.

## Facelift for Funza Lushaka Bursary application system

2 Oct 2018

Participants may enter the competition via the Spark Schools [website](#) or via the USSD code \*120\*SPARK# (or \*120\*77275#). The draw for the 10 winners will be done in the first week of December 2018.
