

Next Generation Media launches Nomad TV

Next Generation Media (Pty) Limited has officially announced the launch of NomadTV - a digital (online) television channel in addition to the *Nomad Africa Magazine* brand.

The video platform will further celebrate life on the African continent and promotes its vibrant pulse and continue to showcase the aspirations, successes and concerns of Africans and Africans in the Diaspora. In addition, the continent's tourism potential, cultural and geographical heritage, unique tourist attractions, revolutionary trends and technology developments to millions of people living in, or visiting, Africa.
