

Your ideal line up at radio stations

Yo, what do you think would be an ideal line up for radio stations at the moment? We all know they're busy with contract renegotiations.

I basically wonder what's gonna happen to Aza and Pabi as the 2 females doing breakfast on Metro and Y respectively. Sbu going to Ukhozi, now that's gonna be nice. We've missed Sbu.
Rumours of DJs swopping ships. Moving from 12 station to the next... so what's your line up.
