

Vodafone Ghana to offer new messaging option for mobile money

Vodafone Ghana has launched a new feature on Vodafone Cash known as Reference to satisfy its customers.

Image source: Gallo/Getty.

In a bulk message sent to all customers of the network, the new option will enable all persons registered on the Vodafone Cash service to send a short, personalised message to recipients when sending money.

All subscribers interested to use this option need to only dial *110# and follow the on-screen prompts. Reference is available from 7 May,2019.

The network provider is still running its 100 percent free bonus promo when customers purchase a data bundle on the My Vodafone app.
